## Goal-Oriented Software Developer

---

### Summary

---

As a software developer with over 5 years of experience, I have a strong track record of delivering successful projects for a variety of clients. I am a skilled full-stack developer, with expertise in frontend and backend technologies such as Angular, React, Node.js, and Laravel. I am also well-versed in using databases like MySQL, MongoDB, and cloud platforms like AWS and Firebase.

I am a quick learner who is always seeking to improve my skills and stay up to date with the latest technologies. I have strong problem-solving skills and am able to work independently or as part of a team. My English language skills are professional, making me able to effectively communicate with clients and colleagues.

I have an active portfolio website at "[zaions.com/ahsan](https://zaions.com/ahsan)", which showcases my previous work, skills, projects, client reviews, and more. My LinkedIn profile can be found at "[zaions.com/ahsan-in](https://zaions.com/ahsan-in)", and my GitHub portfolio is available at "[zaions.com/ahsan-gh](https://zaions.com/ahsan-gh)".
